INDEX OF AUTHORS AND SUBJECTS

AUTHORS

A

Abercrombie, M., and Johnson, M. L.: Collagen content of rabbit sciatic nerve during Wallerian degeneration. 113.

B

Bogaert, Ludo van: Aspects cliniques et pathologiques des atrophies pallidales. 125.
Bogaert, Ludo van, and Divry, Paul: Une maladie familiale caractérisée par une angiomatose diffuse cortico-méningée non calcifiante et une démyélinisation progressive de la substance blanche. 41.
Butfield, E., and Zangwill, O. L.: Re-education in aphasia. 75.

C

Carse, Joshua, and Slater, Eliot: Lymphocytosis after electrical convulsion. 1.
Clark, W. E. le Gros, and Warwick, R. T. Turner: The pattern of olfactory innervation. 101.

D

Davis, D. Russell: The disorganization of behaviour in fatigue. 23.
Davis, D. Russell: Neurotic predisposition and the disorganization observed in experiments with the Cambridge Cockpit. 119.
Dawson, G. D.: The relation between the electroencephalogram and muscle action potentials in certain convulsive states. 5.
Divry, Paul, and Bogaert, Ludo van: Une maladie familiale caractérisée par une angiomatose diffuse cortico-méningée non calcifiante et une démyélinisation progressive de la substance blanche. 41.

H

Holmes, W., and Zachary, R. B.: Nerve biopsy. 81.
Hughes, E. B. C.: Some observations on the visual fields in hydrocephalus. 30.

J

Johnson, M. L., and Abercrombie, M.: Collagen content of rabbit sciatic nerve during Wallerian degeneration. 113.

K

Krainer, L., Small, J. M., Hewlitt, A. B., and Deness, T.: A case of torula infection with tumour formation in the meninges. 158.

M

Margulis, M. S., Soloviev, V. D., and Shubladze, A. K.: Ætiology and pathogenesis of acute sporadic disseminated encephalomyelitis and multiple sclerosis. 63.
McKinlay, M., and Vernon, P. E.: Effects of vitamin and hormone treatment on senile patients. 87.

O

O'Connell, J. E. A.: The subarachnoid dissemination of spinal tumours. 55.

S

Sandifer, P. H.: Chronic progressive ophthalmoplegia of myopathic origin. 97.
Shubladze, A. K., Margulis, M. S., and Soloviev, V. D.: Ætiology and pathogenesis of acute sporadic disseminated encephalomyelitis and multiple sclerosis. 63.
Slater, Eliot, and Carse, Joshua: Lymphocytosis after electrical convulsion. 1.
Soloviev, V. D., Margulis, M. S., and Shubladze, A. K.: Ætiology and pathogenesis of acute sporadic disseminated encephalomyelitis and multiple sclerosis. 63.

V

Vernon, P. E., and McKinlay, M.: Effects of vitamin and hormone treatment on senile patients. 87.

W

Warwick, R. T. Turner, and Clark, W. E. le Gros: The pattern of olfactory innervation. 101.
Whalley, Norman: Paget's disease of atlas and axis. 93.

Z

Zachary, R. B., and Holmes, W.: Nerve biopsy. 81.
Zangwill, O. L., and Butfield, E.: Re-education in aphasia. 75.

SUBJECTS

A

Ætiology and pathogenesis of acute sporadic disseminated encephalomyelitis and multiple sclerosis. M. S. Margulis, V. D. Soloviev, and A. K. Shubladze. 63.
Aphasia, Re-education in. E. Butfield and O. L. Zangwill. 75.
Atlas and axis, Paget's disease of. Norman Whalley. 93.
Atrophies pallidales, Aspects cliniques et pathologiques des. Ludo van Bogaert. 125.

B

Behaviour, Disorganization of, in fatigue. D. Russell Davis. 23.
Biopsy, Nerve. W. Holmes and R. B. Zachary. 81.

C

Cambridge Cockpit, Neurotic predisposition and disorganization observed in experiments with. D. Russell Davis. 119.
Chronic progressive ophthalmoplegia of myopathic origin. P. H. Sandifer. 97.
Collagen of rabbit sciatic nerve during Wallerian degeneration. M. Abercrombie and M. L. Johnson. 113.
Convulsive states, The electroencephalogram and muscle action potentials in. G. D. Dawson. 5.

D

Disorganization of behaviour in fatigue. D. Russell Davis. 23.

E

Effects of vitamin and hormone on senile patients. P. E. Vernon and M. McKinlay. 87.
Electrical convulsion, Lymphocytosis after. Joshua Carse and Eliot Slater. 1.
Electroencephalogram, and muscle action potentials in certain convulsive states. G. D. Dawson. 5.

F

Fatigue, disorganization of behaviour in. D. Russell Davis. 23.

H

Hormone treatment, Effects of on senile patients. P. E. Vernon and M. McKinlay. 87.
Hydrocephalus, Some observations on the visual fields in. E. B. C. Hughes. 30.

I

Innervation, The pattern of olfactory. W. E. le Gros Clark and R. T. Turner Warwick. 101.

L

Lymphocytosis after electrical convulsion. Joshua Carse and Eliot Slater. 1.

M

Maladie familiale caractérisée par une agiomatose diffuse cortico-méningée non calcifiante et une démyélinisation progressive de la substance blanche. Paul Divry et Ludo van Bogaert. 41.
Meninges, A case of torula infection with tumour formation in the. L. Krainer, J. M. Small, A. B. Hewlitt, and T. Deness. 158.
Muscle action potentials in convulsive states, and the electroencephalogram. G. D. Dawson. 5.
Myopathic origin, Chronic progressive ophthalmoplegia of. P. H. Sandifer. 97.

N

Nerve, Collagen content of rabbit sciatic, during Wallerian degeneration. M. Abercrombie and M. L. Johnson. 113.
Nerve biopsy. W. Holmes and R. B. Zachary. 81.
Neurotic predisposition and disorganization observed in experiments with the Cambridge Cockpit. D. Russell Davis. 119.

O

Observations on the visual fields in hydrocephalus. E. B. C. Hughes. 30.
Olfactory innervation, The pattern of. W. E. le Gros Clark and R. T. Turner Warwick. 101.
Ophthalmoplegia, Chronic progressive, of myopathic origin. P. H. Sandifer. 97.

P

Paget's disease of atlas and axis. Norman Whalley. 93.
Pattern of olfactory innervation. W. E. le Gros Clark and R. T. Turner Warwick. 101.

R

Re-education in aphasia: a review of 70 cases. E. Butfield and O. L. Zangwill. 75.
Relation between the electroencephalogram and muscle action potentials in certain convulsive states. G. D. Dawson. 5.

S

Sciatic nerve, Collagen content of rabbit, during Wallerian degeneration. M. Abercrombie and M. L. Johnson. 113.
Sclerosis, Multiple, and acute sporadic disseminated encephalomyelitis. M. S. Margulis, V. D. Soloviev, and A. K. Shubladze. 63.
Senile patients, Effects of vitamin and hormone treatment on. P. E. Vernon and M. McKinlay. 87.
Society of British Neurological Surgeons, Thirty-second Meeting. 40.
Subarachnoid dissemination of spinal tumours. J. E. A. O'Connell. 55.

T

Torula infection, A case of, with tumour formation in the meninges. L. Krainer, J. M. Small, A. B. Hewlitt, and T. Deness, 158.
Tumours, Subarachnoid dissemination of spinal. J. E. A. O'Connell. 55.

V

Visula fields, in hydrocephalus. E. B. C. Hughes. 30.
Vitamin treatment, Effect of on senile patients. P. E. Vernon and M. McKinlay. 87.

W

Wallerian degeneration, Collagen content of rabbit sciatic nerve during. M. Abercrombie and M. L. Johnson. 113.

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LTD., LONDON AND BECCLES.
